

THE INSTITUTE OF CHARTERED ACCOUNTANTS OF NIGERIA

INSOLVENCY AND CORPORATE REENGINEERING CERTIFICATION PROGRAMME

We are pleased to announce to you the commencement of the certification programme of the Faculty of Insolvency and Corporate Re-engineering (FICR)

What is FICR Certification programme all about?

- To train and retrain all current and aspiring Insolvency and Corporate Reengineering practitioners.
- To building capacities for Insolvency practice in Nigeria
- To develop the analytical and practical skills applicable to insolvency practice in Nigeria
- To provide a platform for networking and to develop a future generation of Insolvency practitioners in Nigeria.

Objective of the Certification programme

- To equip Participants both practically and theoretically on current developments in the practice of Insolvency including relevant law and guidance, sufficient to enable them to carry out the functions of an authorized insolvency practitioner.
- To equip all Accountants practising Insolvency and Corporate Reengineering with the skills to take a critical and independent view when confronted with legal or financial issues in insolvency.
- To sharpen the skill of all Insolvency practitioners on management issues including causes of business failure, early warning signs, stages of the turnaround process, and the implementation of an out-of-court reorganization.

Major outlines of the programme

- Overview of Corporate Insolvency Law
- Understanding of Corporate Insolvency
- Restructuring and Turnaround Management
- Matters Relating to Liquidation
- Creditors' Voluntary Liquidations
- Members' Voluntary Liquidations
- Compulsory Liquidation

Type of certificate to be awarded

Upon successful completion of the 4-module programme and an oral examination candidates will be awarded a certificate titled '**Certified Insolvency Practitioner' (CIP)**.
